### CIHT award results

We're proud to see the A43 Moulton Bypass, procured by Northamptonshire through our Medium Schemes Framework and with Balfour Beatty as contractor, Highly Commended in the Collaboration Award category of this year's CIHT awards.

The Medium Schemes Framework 2 itself was Commended. This included MHA member authorities as clients with Aggregate Industries UK Ltd, Balfour Beatty, Eurovia, Galliford Try, and Tarmac: all regular attendees at the framework community board

The judge's comments reflected MSF2 was 'A continuing development of a collaborative approach across several local authorities that recognised the need to improve collaboration from earlier phases by placing it at the core of the relationship.'

More information is available on the [CIHT/Tarmac Collaboration Awards page](#).
