

“The site hosts a range of helpful resources, reference documents and notes of meetings – from shared to confidential documents depending on your level of access - so make sure you and your colleagues are registered.”

<https://isp.mhaweb.org.uk/>

## ➤ Information Sharing Platform (ISP)

➤ The ISP has been developed to help you access MHA and other documentation. In addition, there is potential for you to post, comment on and download resources. Access to content is based on your personal profile and will include areas that contain shared documents, areas of specific interest to some users and more secure documents which you may also have access to.

The layout is split into shared areas and specific work streams:

- » Professional services - PSP 3
- » Medium Schemes - MSF 3
- » Asset Management and Term Community
- » MHA Archive

The ISP design is similar to the previous MHA Sharepoint - so should be easy to navigate. It will continue to develop and be updated with new documents, notes of meetings, information for specific user groups and our members, so login regularly to get the most from this free site.

## ➤ Not registered?

Click on '**REGISTER**'. You will be asked to complete a form with details of where you work and your contact information.

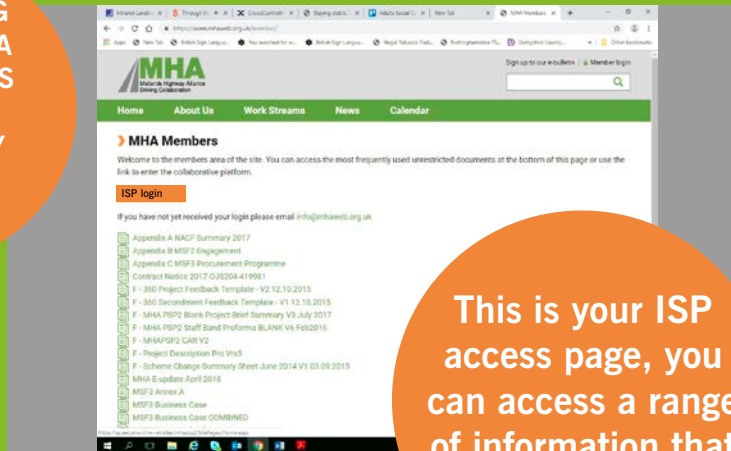

You will then be sent an email confirming your registration.

## ➤ Already registered?

On the **LOG IN** screen enter your username and password to access your account.

REGISTERING  
ONLY TAKES A  
FEW MINUTES  
AND IS  
COMPLETELY  
**FREE!**

This is your ISP  
access page, you  
can access a range  
of information that  
has been posted
