PSP3 launch and roadshows

The MHA's Professional Services Partnership 3 was awarded on April 29 and a number of awareness sessions took place to mark the launch. These events took place across Leicester, Milton Keynes, Wolverhampton and Derbyshire and were all well received.

More about the roadshows including presentations from the four suppliers can be found on the news page of the website

NEC User's Group Annual Seminar

MHA Manager, Peter Barclay, recently attended the NEC Users' Group Annual Seminar in London. Over the day he saw several presentations including Ian Cowling, Head of Commercial Services, BAM Nuttall Ltd.

Peter also had the opportunity to attend a workshop on digital contract documents.

On the second day Peter also had the opportunity to meet the Hong Kong delegation.

He said of the second day: "We had a round the table debate on Early Contractor Involvement and the use of Clause X22 and it was fascinating to see how similar Hong Kong's experience of ECI was to ours"

More information about the day can be found in Ice's event page

NEC Peoples Conference

MHA Framework Manager, John Hooper, delivered a presentation alongside Dave Collis of Leicestershire County Council and Phil Reid of Eurovia at the recent NEC Peoples Conference hosted by Built Intelligence and GMH Planning Ltd.

John found the collaborative workshop in the afternoon particularly interesting and had the chance to exchange views with colleagues from Anglian Water, with similar views to our MHA view point.

The full presentation, as well as other presentations from the day are available on the BuiltIntelligence YouTube channel.

Highway Inspector Training Framework

The UK Roads Liaison Group Asset Management Board, with support from the Department for Transport, the Highway Inspectors Board, the Midlands Highway Alliance and the Midlands Service Improvement Group, has produced a revised Highway Inspector Competence Framework to outline the high-level requirements for this role.
