

## e-update November 2017

### MSF3 Update: Procurement of MSF3

A Contract Notice has now been published and the closing date for the MSF3 selection questionnaire is 24 November, applications from contractors will then be considered and tenders invited early in the new year.

This has already generated a lot of interest and updates will be posted on the MSF3 page [here](#) as they become available.

### Joint MHA Executive Board/MSIG steering group meeting

The upcoming joint meeting between the MHA and MSIG will include the announcement of the new chair of MHA Executive Board and discussions on closer collaboration.

More information will be available on the outcome of this meeting in future e-bulletins and on the MHA website.

---

### Accessing MHA event content and use of SharePoint

The MHA event held at the De Vere Jubilee Conference Centre in Nottingham celebrated the MHA's tenth anniversary and was a great success.

All presentations are still available online [here](#) if you haven't already had the chance to view them.

For the sharing of other major documents, we would again encourage our members to move towards utilising SharePoint as a collaborative tool.

Visit the [MHA Members area](#) to access the SharePoint login.

---

### Risk Based Approach to Maintenance update

An anonymised summary of the analysis (on their levels of service) undertaken by the participating authorities at the workshop is now available on SharePoint.

Visit the [MHA Members area](#) to access the SharePoint login and the RBAM document is on the Assets, Standards and Commodities page, under shared documents.

Additional details of the AECOM led one day workshop are available [here](#). Plans for follow up workshops, based on the perceived 'gaps' on levels of service, are being planned.
