I.4) Type of the contracting authority

Regional or local authority

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Midlands Highways Alliance Plus (MHA+): Professional Services Partnership 4 (PSP4)

Reference number

DN657261

II.1.2) Main CPV code

- 71000000 - Architectural, construction, engineering and inspection services

II.1.3) Type of contract

Services

II.1.4) Short description

The PSP 4 Framework scope includes all services required for the execution of the design and supervision of highway, civil and municipal engineering works.

The PSP 4 Framework Agreement is based upon the NEC 4 Framework Contract (June 2017), and is split into two lots, one for Consultancy Services and one for Temporary Professional Staff & Secondments.

The Scope of the PSP 4 Framework is broad and intended to cover all aspects of MHA+ Members' highways related requirements. This may be in relation to wider highway service delivery as well as delivery of the capital works programme. The work may be packaged as projects that cover complete scheme delivery or specific tasks or specialisms to enable authorities to deliver a range of services, including major highway improvements, highway maintenance and road safety projects, town centre regeneration schemes and transport

studies.

Typical services may involve, but not exclusively relate to: highway improvements, highway maintenance, highway infrastructure works (including bridges, subways, culverts and retaining walls), public realm works (town centre enhancements), drainage improvements, canal works and other infrastructure works such as waste management facilities.

A more comprehensive list of services included within the framework scope is included at Annex A of the Framework Information.

For the purposes of this tender process, Leicestershire County Council is acting as the Client and the Contracting Authority on behalf of the Midlands Highway Alliance Plus (MHA+).

Once the Framework Agreement is awarded, any organisation who is a member of the MHA+ (this includes any organisation that may become a member during the Framework Term), will be able to place an Order under it with a Framework Supplier. Each Order will create a separate, stand-alone contract between the MHA+ Member who placed it and the Supplier.

Leicestershire County Council will have no liability except in relation to Orders which it places itself.

Any member of the MHA+ will be eligible to place orders under this framework, A full, up to date list of MHA+ members can be found on the MHA+ website

<https://www.mhaplus.org.uk/about-us/membership/>

The estimated total value of the framework (all Lots) is a range between £120,000,000 - £950,000,000. The higher range of this value banding reflects forecasts based on all extension options being taken and factoring in projected growth and estimated inflation.

II.1.6) Information about lots

This contract is divided into lots: Yes

II.1.7) Total value of the procurement (excluding VAT)

Lowest offer: £1,000 / Highest offer: £950,000,000 taken into consideration

II.2.4) Description of the procurement

The Scope of the PSP 4 Framework is broad and intended to cover all aspects of MHA+ Members' highways related requirements. This may be in relation to wider highway service delivery as well as delivery of the capital works programme. The work may be packaged as projects that cover complete scheme delivery or specific tasks or specialisms to enable authorities to deliver a range of services, including major highway improvements, highway maintenance and road safety projects, town centre regeneration schemes and transport studies.

Suppliers must be capable of delivering all of the services set out in the Framework

Information, covering all specialisms / activities, for all regions that they have been awarded.

Orders in Lot 1 will be issued using the core clauses of either:

- NEC 4 Professional Services Short Contract (PSSC) (June 2017); or
- NEC 4 Professional Services Contract (PSC) (June 2017)

NEC 4 secondary option clauses (in particular the X clauses) are available for a Client to use for specific Orders at the sole discretion of the individual Client.

II.2.5) Award criteria

Quality criterion - Name: Quality (including Social Value) / Weighting: 60

Price - Weighting: 40

II.2.11) Information about options

Options: Yes

Description of options

The Framework Agreement shall include options to extend for two periods of up to two years each, up to a maximum of a further 4 years in total.

The Framework Client reserves the right to extend both Lots, one Lot only, or neither Lot of the Framework Agreement.

The criteria for extending the Framework end date will include, but not be limited to:

- a) the value of the Orders placed does not exceed that stated in the Find a Tender Service (FTS) notice;
- b) The performance of the Suppliers
- c) Suppliers have passed a further financial check consistent with the checks carried out at

the Selection Questionnaire stage of the framework tender process

d) the Framework is meeting the MHA+ Members' requirements and procurement strategies.

e) Benchmarking indicating that the Suppliers and Framework as a whole are providing good value for money for MHA+ Members.
