

Midlands Highway Alliance Plus

Driving Excellence

Collaboration, Innovations
and Impact

Empowering Local Authorities and Industry
Partners to Build Better, Together.

Navigating Tomorrow's Highways, Together.

In today's challenging environment of financial constraints and shifting priorities, Midlands Highway Alliance Plus (MHA+) stands as a vital partner for England's highway authorities.

We provide seamless access to our essential, compliant and procurement-friendly frameworks for medium schemes and professional services. We empower our members to navigate critical issues like climate change, social value and digital transformation through collaborative best practice with our sector-leading service improvement groups.

"Join our lively community and amplify your voice to influence the sector. With over a quarter of England's highway authorities as

members, MHA+ offers unparalleled opportunities for collaboration and growth. We look forward to working with you to shape the future of local highways.

Ann Carruthers,
Chair of MHA+ Executive Board.

Join our lively community and amplify your voice to influence the sector.

MHA+: The Alliance for forward-thinking Highway Authorities.

MHA+ is a powerful Alliance of over 35 local highway authorities, united to deliver innovative and sustainable highway solutions.

Our expansive network spans from Lancashire to Oxfordshire, Herefordshire to Lincolnshire. We bring together wide-ranging expertise and knowledge to deliver effective, innovative, and sustainable highway services across England. Our core aims are to:

Accelerate Best Practice

Develop and share cutting-edge best practice in highway service delivery and design.

Simplify Procurement Processes

Provide efficient and compliant 'routes to market' with our framework suppliers that champion quality, innovation and value for money.

Amplify Your Influence

Engage directly, participate and lobby to shape the national agenda for local highways.

Unlock Your Potential: Benefits of MHA+ Membership.

**Gain a competitive edge, drive innovation,
and achieve your strategic objectives.**

Collaborate & Connect

Engage in vibrant industry workstreams and discussion groups, connecting with like-minded experts and peers who are passionate about highways and transportation, civil engineering and construction.

Network with Peers

Gain valuable insights and actionable recommendations to enhance your authority's service delivery.

Trusted Frameworks

Access quality, compliant and pre-vetted resources from industry experts for the design and delivery of works, services, learning and development training through our well-established framework contracts.

Drive Service Improvement & Innovation

Tap into a wealth of expertise, advice, shared ideas and sharing ideas, innovations and efficient practices.

Inform Your Decisions

Gain crucial insights and guidance related to Government and other funding initiatives.

Shape the Future

Actively participate in special projects, such as our pioneering on a range of themes and initiatives within the industry.

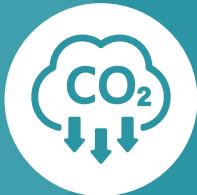

Measure & Excel

Contribute to the 'bigger picture' by engaging in benchmarking and public satisfaction analysis through the NHT and CQC Efficiency Networks.

Benefit from membership of Thematic Groups

Access dedicated support and resources through our established thematic groups focused on key themes such as social value, carbon reduction and digital futures.

Amplify Your Voice

Become part of a large, influential alliance, providing collective power to shape key priority issues for the industry, national policies and funding initiatives.

Shape service improvement

Join our Service Improvement and Thematic Groups. Share best practice with fellow local authorities.

Celebrate excellence

Attend the MHA+ annual event, which is our flagship gathering for highway professionals – prestigious annual awards are voted by your peers.

Medium Schemes Frameworks: Delivering Significant Savings and Collaborative Excellence

Our members are at the heart of our framework development. Our Medium Schemes Framework (MSF4) delivers significant cost savings and enhanced project delivery through early contractor involvement (ECI), with a project pipeline currently valued at over £500 million.

The framework is designed for medium and large-scale capital highway works, typically ranging from £1 million to £100 million per scheme, and features 4 national contractors committed to our collaborative and innovation philosophy.

Both our MSF and Professional Services Partnership (PSP) strive for excellence, consistently achieving high levels of performance

satisfaction and embedding crucial social value and other benefits into every project.

Our evolving frameworks provide access to innovative solutions and deliver cost effective results. Our Medium Scheme Framework (MSF) delivers even greater savings and enable more sustainable construction projects.

Professional Services Partnership: Accessing Top-Tier Expertise

The MHA+ Professional Services Partnership (PSP) provides our member authorities with easy and economical access to a comprehensive range of consultancy services. This framework, developed with the needs and aspirations of our members in mind, ensures competitive tendered rates by aggregating the work of all member authorities, generating an annual turnover of around £18 million.

Our PSP offers two distinct lots, allowing member authorities to commission all aspects of professional services from our trusted suppliers, Amey Consulting, AECOM and WSP, or to second in highly skilled staff from Waterman Aspen or Matchtech. Beyond individual project support,

the framework also facilitates vital collaborative working groups initiatives, such as our ongoing work on Climate Change adaptation and low temperature asphalt, ensuring we stay at the forefront of industry innovation and maintain high satisfaction levels.

Develop Your Expertise: Continuous Learning and Development with MHA+

MHA+ provides comprehensive learning, development and skills opportunities through our intuitive Learning Management System (LMS) and secure Information Sharing Platform (ISP).

Your membership grants you invaluable access to:

Technical Skills

Participate in targeted workshops designed to enhance technical skills in areas such as design and delivery.

Expert Webinars

Access a growing library of webinars from our Professional Services Framework (PSF) suppliers and other industry experts, available via our website and YouTube platform.

Targeted Technical Development

Our Learning Management System (LMS) delivers focused workshops and training to enhance your team's skills.

Secure Documentation:

Our Information Sharing Platform (ISP) benefits from secure access to a wealth of reference documents, benchmarking data, and presentations from leading organisations like National Highways, DfT and NHT, and our Framework suppliers.

Collaborative Learning

Engage with online discussion boards for each Service Improvement Group (SIG) area, fostering a dynamic environment for shared learning and problem-solving.

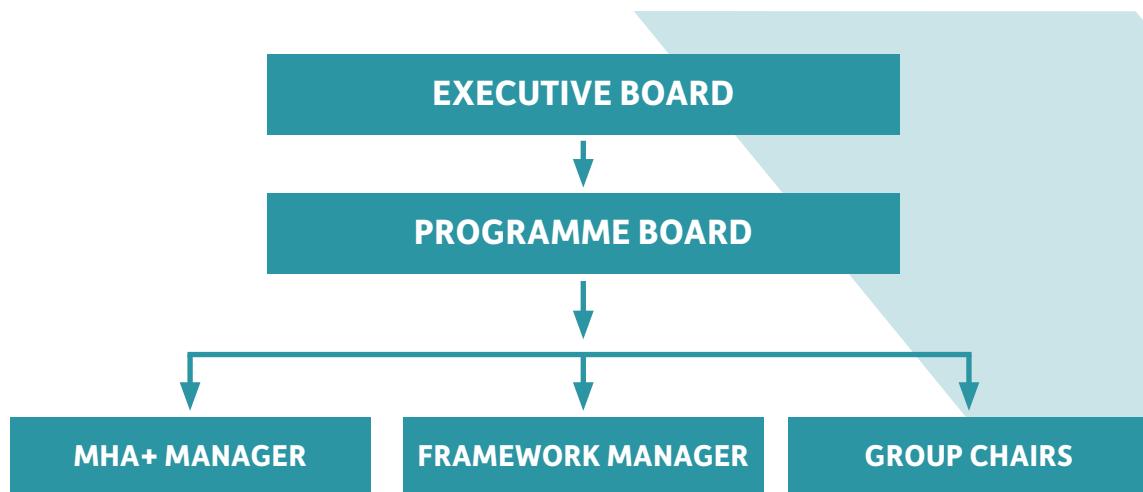

Transparent Governance: Driving Our Collective Success

The success of MHA+ is built on the active contribution of all our members. Our overall strategic direction is guided by a director-level Executive Board, which meets twice a year to review and approve the MHA+ business plan. Each member authority has a representative on this board, ensuring every voice is heard.

The MHA+ Programme Board meets quarterly, providing essential oversight, context, and delivery of the business plan, alongside rigorous budget monitoring.

Our dedicated MHA+ Manager, Karen Notman, expertly drives day-to-day operations and business plan delivery, while our Framework Manager, Lucy Cox, meticulously manages our frameworks and fosters strong partner engagement.

The Service Improvement Groups and Thematic Groups are independently chaired and vice-chaired by our members, ensuring their relevance and responsiveness. Member participation is truly key to our success.
