➤ Upcoming MHA learning events for our members

➤ Highway Design and Detailing using the DMRB

An intensive two day course that provides the technical background, hands on experience and considered opinion necessary to enable you to produce effective engineering solutions on your projects

Day one outlines the structure, terminology and application of the DMRB, focussing on the assessment, design and geometry of highway schemes with particular reference to link and junction design.

Day two provides advice, guidance and opinion on pavement and drainage design, ancillary road features and safety audits

31 October 2017/1 November 2017 - Markham Vale Environment Centre, Markham Lane, Markham Vale, Chesterfield, Derbyshire

20/21 February 2018: Kents Hill Park, Swallow House, Timbold Drive, Milton Keynes

➤ NEC 3: Engineering Construction Contract

These are one day workshops covering the practicalities of applying some of the collaborative management processes that are an essential part of the ECC. Delegates will be provided with invaluable practical guidance on managing an NEC3 ECC Option C contract within the Midlands Highway Alliance Framework.

Delegates will:

- Receive invaluable guidance on how to apply the collaborative parts of the ECC in practice from NEC and industry experts
- Be clear on how to use key ECC clauses and processes
- Be clear on the key ECC processes of communications, early warnings and the programme
- Resolve problems efficiently and effectively
- Use the ECC across your projects with confidence

Part 1: 15 November 2017

Part 2: 17 January 2018

At the NSPCC National Training Centre 3 Gilmour Close Beaumont Leys Leicestershire

➤ Make the most of the Learning Management System (LMS)

Members can access a range of learning, training and development opportunities provided by the MHA skills community, sector partners and MHA members through our Learning Management System (LMS).

Detailed information on all MHA events is available on the MHA calendar on our website www.mhaweab.org.uk
