

Professional Services Partnership 2

What is the PSP2?

In June 2015 the Midlands Highway Alliance (MHA) launched a new, four-year framework contract called the **Professional Services Partnership 2 (PSP2)**. PSP2 is available to all members of the MHA, offering opportunities for collaborative working with other authorities, benchmarking, sharing best practice and the use of AECOM/Waterman for specialist highway design, professional services and secondments.

How it fits in to the MHA

PSP2 forms the basis of the Professional Services work stream - one of five work streams in the MHA. The work stream lead is Peter Barclay, who is also the MHA Manager.

The MHA was set up in 2007 to improve performance, share best practice and make efficiency savings in the delivery of highway services by working together.

This unique venture delivers the regional procurement and implementation of highways maintenance, professional services and capital works through framework agreements.

You can find out more about the MHA and the frameworks that are in place by visiting the website www.mhawe.org.uk

AECOM/Waterman Team

AECOM is a leading provider of engineering, construction and technical services, with local offices throughout the Midlands region. They have partnered Waterman to provide professional and secondment services.

Strategic Board

Framework Director - John Surguy
Tel: 07919 217 555 • Email: john.surguy@aecom.com

Strategic and Operational Board

Framework Manager - Jason Clarke
Tel: 0115 907 7232 • Email: jason.clarke@aecom.com

Assistant Framework Manager - Karen Notman
Tel: 0115 907 7324 • Email: karen.notman@aecom.com

Responsible for assisting the Framework Manager on day to day matters. Also leads on aspects delegated by the Framework Manager, such as BS1100.

Administrative support to AECOM/Waterman team: Joanne Upton
Tel: 01246 218 385 • Email: joanne.upton@aecom.com

Delivery managers are there to provide a single point of contact for each council for day-to-day services and co-ordinate delivery across AECOM/Waterman design teams.

Stephen Moss Tel: 07827 859 068
Email: stephen.moss@aecom.com
Authorities: Barnsley Metropolitan Borough Council, Doncaster Metropolitan Borough Council

Andrew Sherwood Tel: 07766 473 955
Email: andrew.sherwood@aecom.com
Authorities: Rutland County Council

Jon Formi Tel: 01234 373 623
Email: jon.formi@aecom.com
Authorities: Milton Keynes Council, Northamptonshire County Council

Matthew D'Archambaud Tel: 07823 355 506
Email: mattew.darchambaud@aecom.com
Authorities: Buckinghamshire County Council, Oxfordshire County Council, Peterborough City Council

Stuart Dungworth Tel: 01246 218 365
Email: stuart.dungworth@aecom.com
Authorities: Derbyshire County Council, Derby City Council, Rotherham Metropolitan Borough Council

Teresa Morgan Tel: 07884 653 256
Email: teresa.morgan@watermanasp.co.uk
Authorities: Leicestershire County Council

Aminda Millard Tel: 07827 830 366
Email: aminda.millard@aecom.com
Authorities: Wolverhampton City Council, Sandwell Metropolitan Borough Council, Stoke-on-Trent City Council

Karen Notman Tel: 07341 129 281
Email: karen.notman@aecom.com
Authorities: Nottingham City Council, Nottinghamshire County Council, VIA East Midlands, Leicester City Council, Lincolnshire County Council

How to procure AECOM/Waterman

Use the **Commission Manual** to find out more about the standard procedures for the contract. This and details on how to raise scheme briefs are available on the secure section of the website at www.mhawe.org.uk/member

All MHA users will be given a user name and password to access the secure section of the website ('Members login area' near the 'search bar' at the top). If you do not have your login details contact the MHA by email - info@mhawe.org.uk

Benefits

There are many advantages that can be gained by MHA authorities from using PSP2 - the main benefits being:

1. A 'ready made' framework contract which reduces costs by cutting out the need to go out to the market for quotes or tender to procure these services.
2. Direct access to expertise and specialist services.
3. Economic rates (on services, seconded staff, etc.)
4. Value for money through collaborative working.
5. BS11000 Relationship Management Plan with bespoke authority partnership plans to efficiently meet individual client needs.
6. Project collaboration through 'SharePoint', a secure web-enabled collaboration environment with key benefits including quick retrieval of the most up-to-date documents, improved team communication and coordination, powerful search tools and the ability to store data in one place. System access is via the MHA website, see details on 'How to procure AECOM/Waterman' opposite.

The full range of services available is shown overleaf.

Partnership management

A **Strategic Board** with representatives from across the partnership provides direction and sets targets while an **Operational Board** deals with the delivery of workload, integration, performance and innovation.

Strategic Board
Meets quarterly – Chair to be confirmed

Operational Board
Meets quarterly with every other meeting a 'virtual meeting' – chaired by Peter Barclay, MHA Manager

Improvement groups

Improvement groups have been set up to develop specific aspects of the partnership with AECOM/Waterman. These groups are task focused and come together as required.

Around four to five local authority representatives are invited to join each improvement group, dependent on their specific interest and expertise. These invitations are made at the request of the chair of the group.

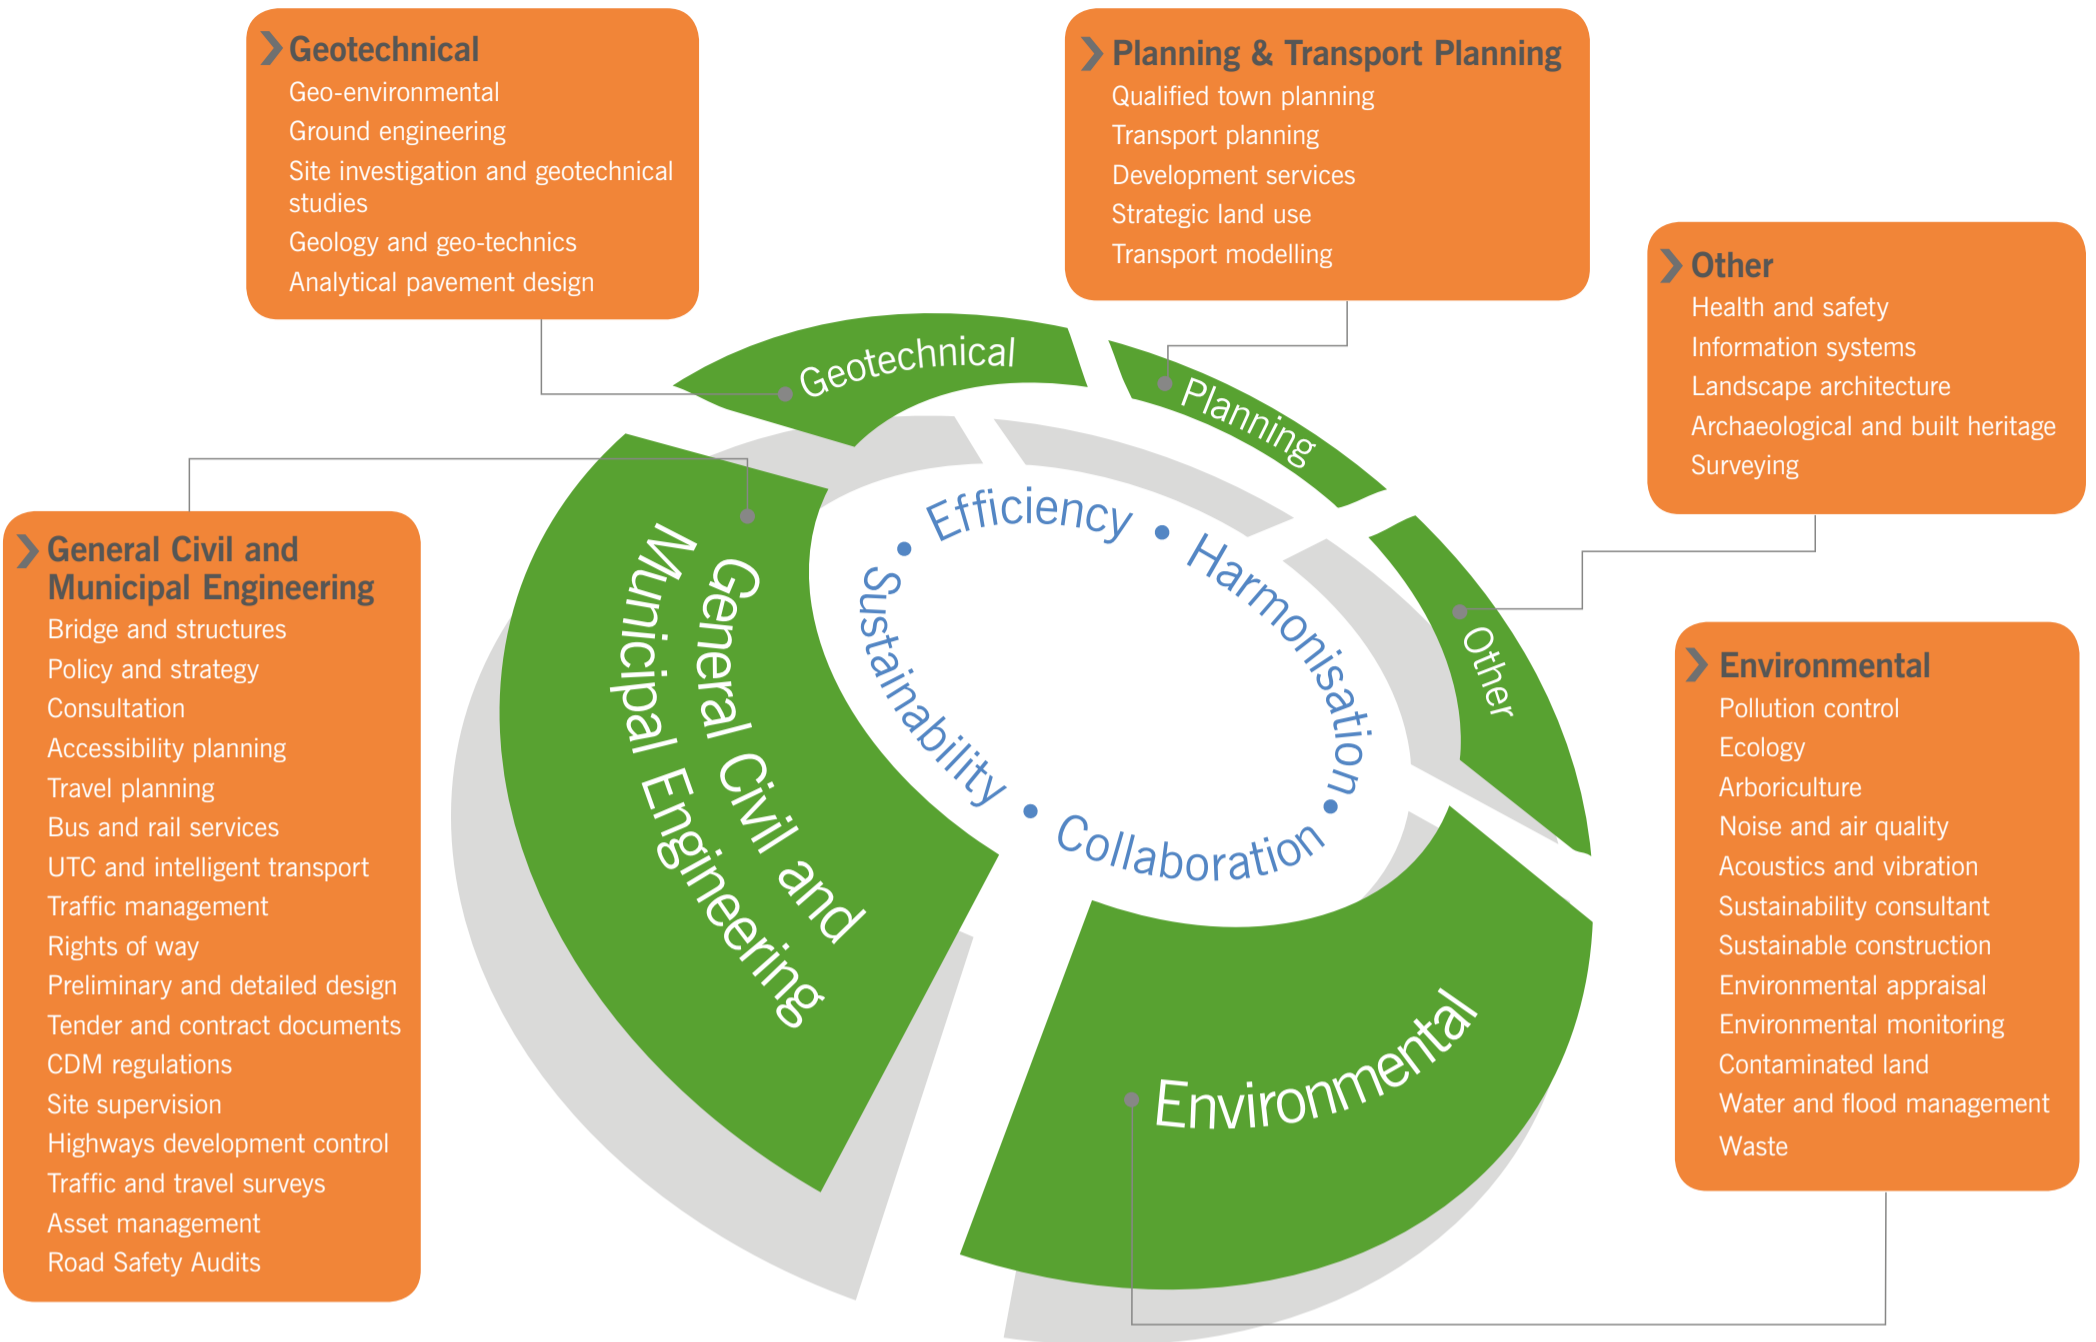

Examples of work carried out by the improvement groups includes the harmonised specification, Building Information Modelling (BIM) and the production of the Commission Manual, which sets

out the standard procedures for the PSP2 contract. Copies of this are available on the secure section of the MHA website at www.mhawe.org.uk/member or from Peter Barclay, peter.barclay@leics.gov.uk

> Services offered

A range of engineering, environmental, planning and design services are available to MHA members through the PSP2 contract. An overview of these are outlined below.

> Recent and ongoing project examples

Public realm improvements, Wolverhampton

M18 link road, Doncaster

Personalised travel plans (PTP), Nottinghamshire, Leicestershire and Leicester

Asset management support, Rutland

Coring and material testing for Nottinghamshire

Bridge inspection and assessment, Derbyshire

Abbey Park flood mitigation and amenity study, Leicester
