

e-update July/August 2018

Annual Report

The MHA Annual Report is now available in digital form ahead of its official launch at our annual event. To view the report, visit the [annual report page](#) and click view on the 2017/18 edition.

Annual Event update

You are welcome to attend our annual event which will take place on 11 September at the National Conference Centre in Solihull. It is a full day event from 10:00 until 4:00 with lunch provided.

The programme includes a wide range of presenters, speaking on the theme of Aspirations and Alliances and will include national initiatives that aim to improve scheme delivery, together with projects being done collaboratively within the alliance

For now, it is possible to book your place using the MHA learning management system. If you do not have a learner account, please go to:

<http://mhaskills.virtual-college.co.uk>

Click the REGISTER button to create a user account. Once you have created an account you will be able to see and request MHA learning events.

Guidance on how to access the learning and development gateway is available in the **Learning Management System user guide**. You can download a copy [here](#).

For those already registered on LMS, click on <https://mhaskills.vctms.co.uk/> and login. Click request course, and then check the 2018 Annual Event top of the list.

Successful contractors of MSF3 announced

The successful contractors Balfour Beatty, Eurovia, Galliford Try and Morgan Sindall have been awarded a place on the Medium Schemes Framework (MSF3), which will cover highways improvements, maintenance and infrastructure works for the next four years.

Full story available to read on our [news pages](#) here

Health and safety notice

There have been several reports in the Cumbria area that individuals are melting razor blades to Traffic Management signage and frames with the intention to harm individuals who handle them during their work activities.

Upcoming learning, training and development events,

Following on from the March 2018 RBAM output workshop - training and competence is one of the Well-managed Highways Infrastructure Code of Practice (CoP) topics identified as an action.

The proposal is to commission highway inspectors modular training and assessment – this incorporates the aspects of implementing the CoP requirements. The intention is to provide this over four days in October 2018.

Highway Design and Detailing using the DMRB (SC)

An intensive two day training course that provides the technical background, hands on experience and considered opinion necessary to enable you to produce effective engineering solutions on your projects

The event will be held at NSPCC National Training Centre, 3 Gilmour Close, Beaumont Leys, Leicestershire, LE4 1EZ.

Book your place [Highway Design and Detailing using the DMRB](#)

Make the most of the Learning Management System (LMS)

Members can access a range of learning, training and development opportunities provided by the MHA skills community, sector partners and MHA members through the [Learning Management System \(LMS\)](#).

Detailed information on all MHA events is available on the [MHA calendar](#).
